Template Instructions – use the template file to help you easily align the 3 letter monogram. Follow the simple steps below:

- Insert/merge the template file along with the 3 letters. Insert the files in the order that you want them to stitch.
- Place the letters in their spaces starting with the middle letter. It will be placed in the middle of the purple guidelines.
- Now put each side letter in place between the turquoise guidelines. Some of the side letters may be a little wider or more narrow than the guideline boxes, so just center in the box or move to the left or right to make everything look centered. **For instance**, the N shown in the picture is more narrow and it looked better to move it to the far left side of the box to give the C more room.
- Once all is aligned inside the template, just delete the template.

Purple Box is for large middle letter

Aqua Boxes are for smaller side letters
